Profile

A creative digital designer and front-end developer with 10+ years of experience across web design, digital marketing, and front-end build. Most recently I spent five years leading the design studio at Asda, delivering bespoke campaign experiences for global brands including P&G, LEGO, Nestlé, and Coca-Cola.

Experience

Website Designer
Apr 2025 – Present
Infoserve (Agency)

- Designing and building responsive websites for SME clients across retail, hospitality, and professional services — managing the full project lifecycle from initial brief and discovery through to design, build, and launch
- Delivering Figma wireframes and high-fidelity prototypes balancing brand, UX, and accessibility requirements
- Developing bespoke sites in HTML, CSS, WordPress, and Elementor with on-page SEO throughout
- Providing client training and documentation for ongoing content management

Lead Web Designer
Dec 2019 – Apr 2025
Asda

Led the design team for campaigns at Asda, producing bespoke digital experiences for some of the world's biggest FMCG brands across the Asda Groceries website.

- Designed and coded bespoke campaign pages for major FMCG brands including P&G, Mondelez (Cadbury), Unilever, Nestlé, LEGO, Mars, and Coca-Cola, built to strict brand and accessibility standards
- Led UI/UX design from wireframe to interactive prototype through to front-end build
- Managed the design studio end-to-end — templates, brand guidelines, and accessibility standards — maintaining a 99%+ Criteo ad-serving implementation rate
- Collaborated with development and commercial teams to concept and ship new funded media products, translating business requirements into polished digital executions for brand partners
- Produced the full range of campaign assets: web pages, banners, GIF animations, and video

Digital & Web Designer
Feb 2018 – Dec 2019
Bonner & Hindley (Agency)

- Website design, coding (HTML, CSS, JS, PHP), maintenance, and SEO
- Design of digital and print assets, marketing materials, brand guidelines, videos, and animation
- Client account management, web support, and performance reporting across web, social, and email
- Email marketing, GDPR data management, and template build in Mailchimp and Campaign Monitor

Digital Design & Marketing Freelancer
Feb 2014 – Present
Remote / Self-employed

- Designed and built WordPress websites, optimising UX and performance for clients across sectors
- Created branded video content, graphics, and marketing materials
- Designed and managed automated email campaigns and paid social/search campaigns

Various Digital Design & Marketing Roles
2014 – 2018
Printsome, Zinio, IPS, A2S Works & others

Short-term and freelance agency roles covering website design, automated email flows, UX landing pages, video and print production, and A/B testing across multilingual, international teams
