Profile

Lead UX and digital designer with 10+ years designing and building web experiences for brands including Asda, P&G, Nestlé and Mars. Works from discovery and prototyping through to design systems and coded front-end builds, alongside developers and commercial teams. Uses AI tools throughout the design process.

Experience

Lead Digital Designer | Infoserve (Agency)

Apr 2025 – Present

- Lead end-to-end UX for SME clients across retail, hospitality, property and professional services, from discovery and research through prototyping and usability testing to launch
- Set design direction across projects, guiding and reviewing work from other designers to keep quality and consistency high
- Design Figma wireframes, prototypes and reusable components that balance user needs, brand and WCAG accessibility
- Build responsive websites in HTML, CSS, PHP and WordPress (Bricks, Elementor, ACF), including CRM integrations and client-managed content
- Create brand identities and wider digital design across web, social and print, including guidelines, collateral and client documentation

Lead Web Designer | Asda

Dec 2019 – Apr 2025

Led design for campaigns at Asda, producing bespoke digital experiences for leading FMCG brands across the Asda Groceries website.

- Conceived and designed Experiential Hubs, a shared multi-brand campaign product with instant-win competitions, letting suppliers buy in at a lower price point and opening a new revenue stream across seasonal events
- Designed and coded the bespoke campaign pages and branded zones that media campaigns drove to, for brands including P&G, Mondelez (Cadbury), Unilever, Nestlé, LEGO, Mars and Coca-Cola
- Led UI/UX from wireframes and interactive prototypes through to front-end development
- Created and maintained the design guidelines and template system for supplier campaign pages, setting accessibility standards and maintaining high Criteo implementation rates
- Managed and mentored up to five junior designers producing booked media, reviewing work for quality, brand and accessibility
- Presented concepts to suppliers and senior stakeholders, and worked with commercial teams to turn briefs into funded media products

Digital & Web Designer | Bonner & Hindley (Agency)

Feb 2018 – Dec 2019

- Designed and coded websites in HTML, CSS, JS and PHP, including ongoing maintenance and SEO
- Designed digital and print assets, brand guidelines, video and animation
- Managed client accounts, web support and performance reporting
- Built email templates and campaigns in Mailchimp and Campaign Monitor

Digital Design & Marketing Freelancer | Remote / Self-employed

Feb 2014 – Present

- Designed and built WordPress websites, optimising UX and performance for clients across sectors
- Created branded video content, graphics, and marketing materials
- Designed and managed automated email campaigns and paid social/search campaigns

Digital Design & Marketing Roles | Printsome, Zinio, IPS, A2S Works & others

2014 – 2018

Short-term and freelance agency roles covering website design, automated email flows, UX landing pages, video and print production, and A/B testing across multilingual, international teams
